

Sinan Ahammed

Python Developer

Work Experience

Backend Developer Oct/2023 - Present

Logic Plum I Kochi, Kerala, India

- **Roles:**
 - Designed, developed, and maintained RESTful APIs using Django framework, ensuring efficient communication between front-end and back-end systems.
 - Integrated AI and ML functionalities into the software architecture, collaborating closely with AI and ML teams to implement predictive analytics and data-driven features.
 - Implemented robust authentication and authorization mechanisms for API endpoints to enhance security.
 - Utilized PostgreSQL, MySQL to design and manage databases, optimizing data retrieval and storage processes.
 - Collaborated closely with cross-functional teams including front-end developers, UI/UX designers, and quality assurance engineers to deliver high-quality software solutions.
 - Actively participated in agile development methodologies, contributing to sprint planning, daily stand-ups, and retrospective meetings.

Python Developer Nov/2021 - Oct/2023

Beacon Infotech I UL Cyberpark, Calicut, Kerala, India

- **Roles:**
 - Developed comprehensive software applications utilizing Django, FastAPI, Flask, demonstrating proficiency in both frontend and backend development.
 - Integrated and collaborated on various projects involving REST APIs, demonstrating proficiency in designing, implementing, and optimizing API interactions.
 - Integrated and worked with databases such as MySQL, PostgreSQL, or MongoDB for data storage and retrieval.
 - Proficient in image processing techniques and technologies.
 - Worked with frontend technologies like HTML, CSS, JavaScript, etc.
 - Experience in deploying applications to AWS EC2 instances.
 - Leveraged Docker for containerization and AWS (Amazon Web Services) for cloud computing, contributing to the development of scalable and efficient applications.
 - Experience in deploying applications on traditional servers

Python Full Stack Developer - Intern May/2021 - Oct/2021

Baabtra Technologies Pvt Ltd I Calicut, Kerala, India

- **Roles:**
 - Gained hands-on industrial training experience in Python full stack development.
 - Continuously discovered, evaluated, and implemented new technologies to maximize development efficiency.

About Me

Passionate Python developer with a knack for problem-solving and a love for clean, efficient code. I bring a solid foundation in software development, specializing in Python and its frameworks. My goal is to contribute my skills to projects that inspire innovation and deliver real-world solutions. I thrive in collaborative environments and am always eager to learn and adapt to new challenges.

Education

BCA

University Of Calicut

2017 - 2020

HSE

Govt of Kerala State Board

2015 - 2017

10th

CBSE

2015

Skills

- Python
- Django
- FastApi
- Flask
- HTML
- MySQL
- AWS
- Docker
- Rest APIs
- JavaScript
- jQuery
- Ajax
